1. INTRODUCTION

Congratulations on your new Garia.

Garia is dedicated to creating the best and most elegant Golf Car in the world. We have been uncompromising in our vision and have thought of every little detail to build a car that meets all your needs and expectations.

This quick guide and service book contains important information that you will need for the proper operation and maintenance of your Garia.

We encourage you to read this booklet thoroughly before operating your Garia.

If you have additional questions regarding operation or maintenance of your Garia, please contact your local Authorized Garia Service Dealer for immediate support.

Thank you for choosing Garia.

2. QUICK GUIDE

2.1 SAFETY BEFORE USE

It is important to read and understand the user's manual and all safety and instruction labels before the vehicle is first used.

- Read "Check-ups before use" which is found in chapter 2 of the user's manual and perform these accordingly.
- This vehicle is only to be driven by people trained in and authorized for the use of this type of vehicle, always from the driver's side only and only in areas intended for the usage of this type of vehicle.
- Never allow more than one passenger in each seat. This vehicle is restricted to two (2) occupants including the driver.
- Do not operate while under the influence of alcohol and drugs.
- Do not drive the vehicle on public areas and roads. Some communities have special regulations about driving this type of vehicle on public streets, always make sure that you follow the specific rules and regulations of the areas and communities where the vehicle is used.
- Do not make any modifications or additions to the vehicle which influences its loading capacity or safe use. Do not make any changes to the vehicle that are not in accordance with the user's manual.

Please refer to the user's manual for more information.

2.2 IN USE

- Keep entire body inside vehicle at all times. Remain fully seated and hold on to handles or other objects while driving.
- If the vehicle is equipped with seat belts, always keep seat belts fastened whenever seated.
- Do not start vehicle until all passengers are fully seated.
- The driver must keep both hands on the steering wheel and the eyes focused in the direction in which the vehicle is driving.
- Show extra caution in populated areas or when reversing. Always reverse slowly and pay attention to the road and surroundings.
- Avoid accelerating or decelerating in an abrupt manner.
- Always adjust the speed to the terrain where the vehicle is currently used.
- Drive slowly when making turns and when going up or down slopes. Never turn steering wheel sharply at higher speeds.
- Never drive up or down slopes at an angle, use brakes to reduce speed when driving downhill.

Golf cars can cause serious injury or damage if used improperly or not maintained according to the vehicle's maintenance program. Before the vehicle is used, all necessary safety precautions must be taken and all the additional instructions of the area where the vehicle is used must be observed.

Golf cars should be safe to use as long as the safety precautions explained in the user's manual and on the vehicle are upheld. Make sure that you always drive according to the current conditions and adjust the speed and driving pattern according to the terrain in which the vehicle is moving.

It is expected that many vehicles will be used for a variety of tasks beyond the original intended use. As a consequence of this, it is impossible to anticipate and warn against every possible combination of circumstances that may occur. No warnings can take the place of good common sense and prudent driving practices.

Please refer to the user's manual for more information.

2.3 OPERATION OVERVIEW

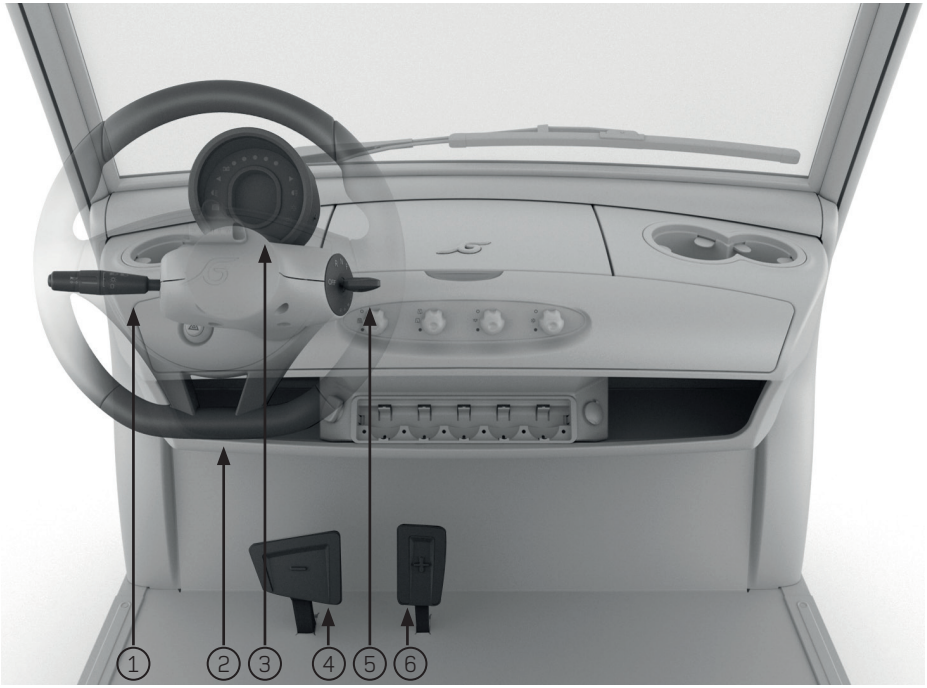

Fig. 2.1

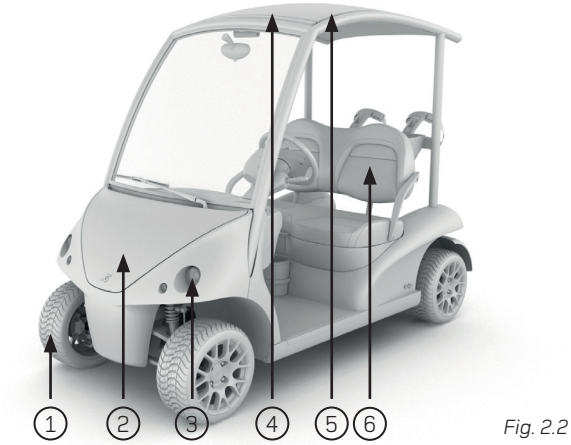
1. Indicator stalk.
2. Steering wheel.
3. Instrument cluster.
4. Brake pedal.
5. Ignition switch.
6. Accelerator pedal.



1. Front wheel right
2. Bonnet
3. Headlight
4. Air scoop
5. Roof
6. Seats

Fig. 2.2

2. Rear wing
3. Rear wheel left
4. Rear fender
5. Load area
6. Multifunctional rear section
7. Rear lights

Fig. 2.3

1. Pedals
2. Instrument cluster
3. Steering wheel
4. Batteries
5. Utility box

Fig. 2.4

2.4 IGNITION SWITCH

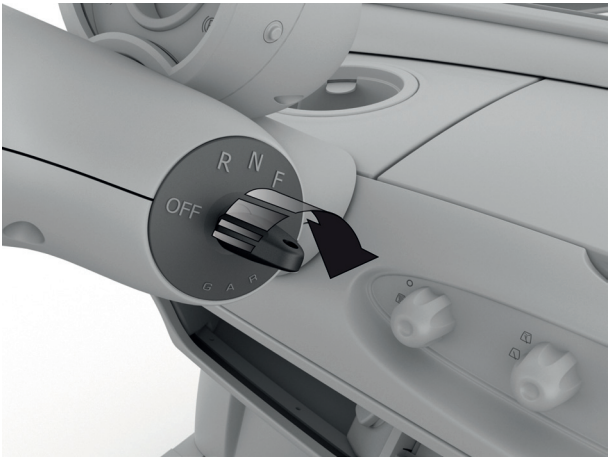

Fig. 2.5

Ignition switch functions:

OFF: Most electrical applications are disabled. The refrigerator will function for an additional two hours, if activated whilst the ignition switch is turned to "OFF". The interior light and the 12V plug will still be functioning.The key can be removed in this position.

R: Reverse. When the accelerator pedal is engaged, the parking brake releases automatically. The vehicle reverses. All electrical functions are in function (affecting battery power). **Note:** To reverse, turn key to 'N' before turning to 'R'.The reverse warning indicator is activated when vehicle is reversing.

N: Neutral. The parking brake is engaged when the vehicle comes to a full stop. The vehicle can be temporarily parked, all electrical applications are in function (affecting battery power).

F: Forward, when the accelerator pedal is engaged, the parking brake releases automatically. The vehicle drives forward. All electrical functions are in function. (affecting battery power).

⚠WARNING

Never push the accelerator pedal when turning the ignition key. The vehicle may move suddenly if not operated correctly.

2.5 MAIN POWER SWITCH

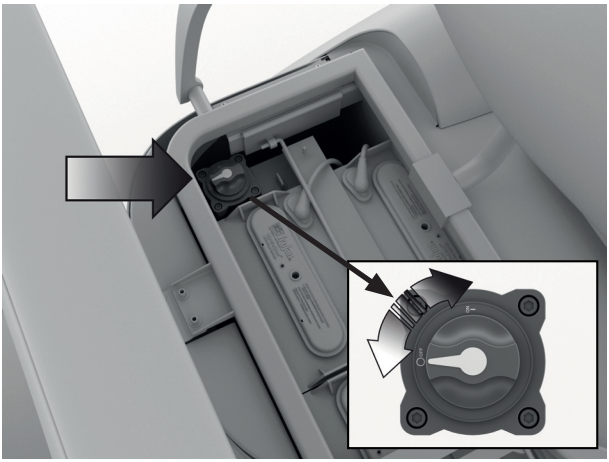

Fig. 2.6

The main power switch is located on the right side of the battery compartment. The switch disables all electrical functions except the automatic parking brake, the ability to charge the vehicle and the back-up power for the instrument layout unit.
When storing the vehicle for longer periods of time, it is recommended that the main power is switched off, in order to experience as little discharging as possible.
When servicing or repairing the vehicle (especially the electrical system) always turn the main power switch to "OFF".
Please refer to chapter 3 of ther user's manual for more information regarding batteries.

⚠WARNING

Serious injuries can occur when working on the electrical system, especially if the main power switch is "ON". Always turn main power switch "OFF" before working on the electrical system of the vehicle.

2.6 ROUGH TERRAIN DRIVING

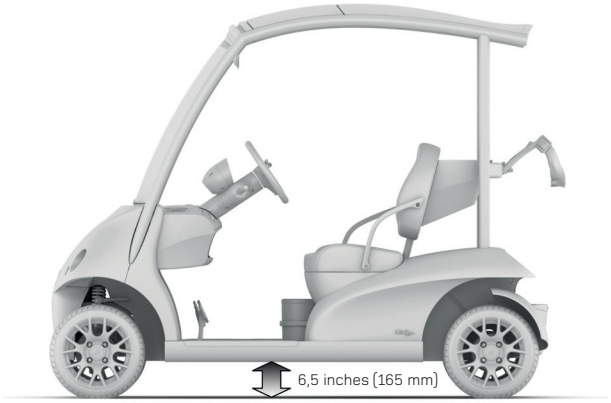

Fig. 2.7

Always make sure that the greatest precautions are taken when driving in rough terrains. The vehicle's ground clearance is 6,5 inches (approx. 165 mm). Always drive slowly and always be ready to stop. Rough terrain driving can cause situations that are damaging to the vehicle, therefore always drive very cautiously. Avoid driving in hilly areas and at tilted angles. The weight distribution of the vehicle can cause it to tip unexpectedly when placing the vehicle at excessive tilted angles. The Garia Golf Car is not constructed for rough terrain use, and this should be avoided as far as possible.

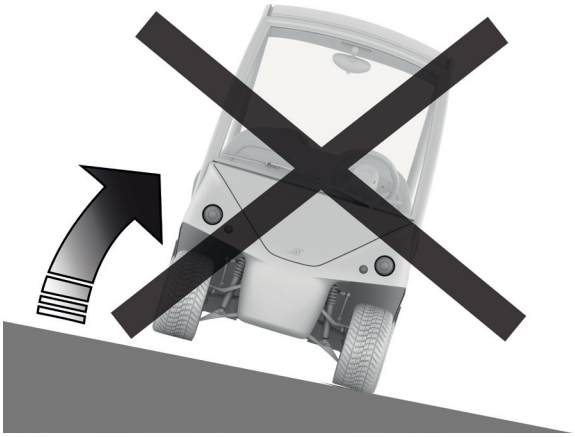

Fig. 2.8

2.7 VEHICLE EQUIPMENT

2.7.1 Dashboard overview

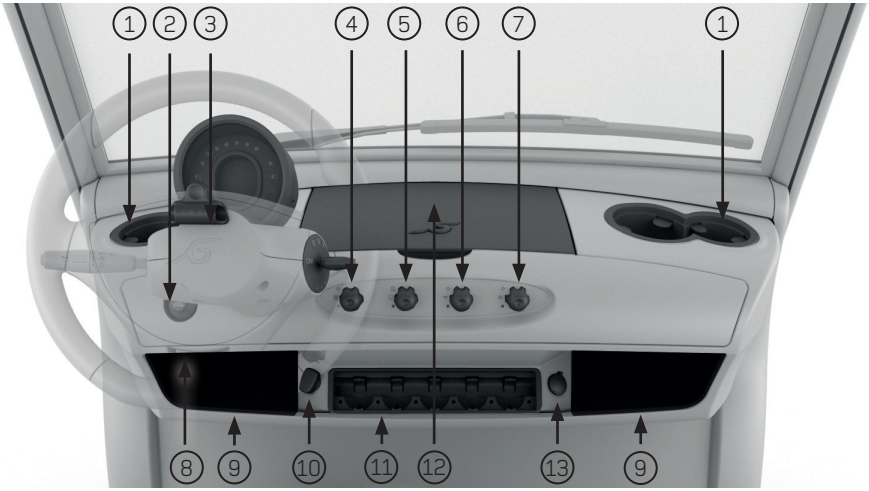

Fig. 2.9

1. Cup holders, two in each side.
2. Hazard light switch
3. Steering wheel: pen holder and scorecard holder.
4. Heated windshield button (optional)
5. Windshield wiper/washer (optional)
6. Interior light button (optional)
7. Refrigerator button (optional)
8. Bonnet opener button
9. Storage space left and right in dashboard.
10. Charger inlet. For charging of vehicle batteries.
11. Golf ball- and tee holder.
12. Storage room lid (Refrigerator lid, if present)
13. 12V electrical outlet.

2.7.2 Indicator stalk

Indicator stalk overview:

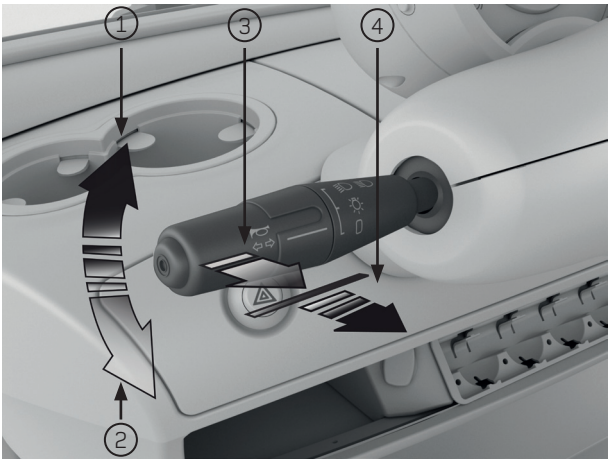

Fig. 2.10

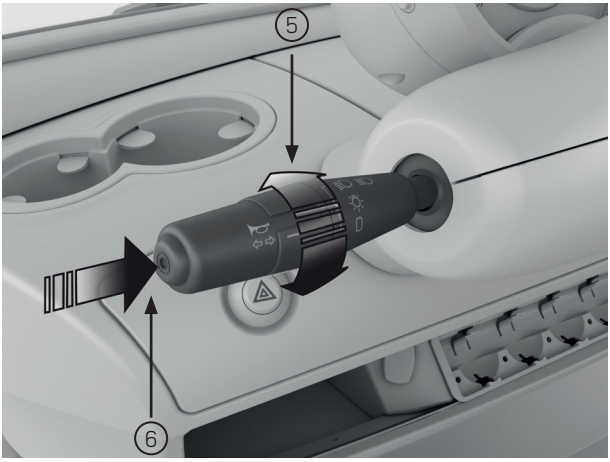

Fig. 2.11

1. Turn signal right.
2. Turn signal left.
3. High beam flash.
4. High beam on / off.
5. Light off / parking light on / low beam on.
6. Horn.

2.8 BELOW THE SEATS

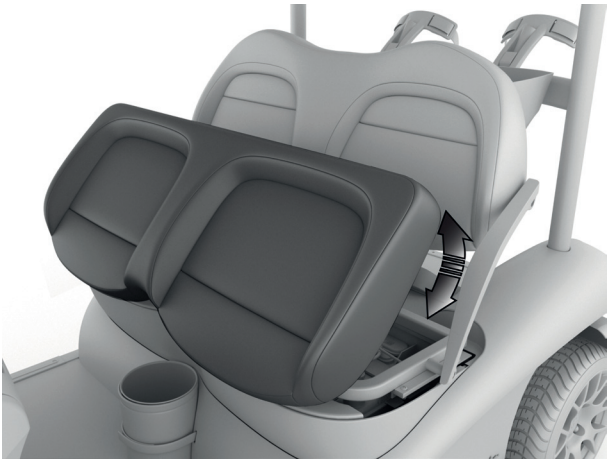

Fig. 2.12

The battery compartment is located below the seats. This contains the main power switch, the towing switch, the batteries, the brake level fluid indicator and the VIN (vehicle identification number). For access to the battery compartment, tip the seat as shown in fig. 5.3.Please see chapter 3 in the user's manual for information regarding the batteries.

3. MAINTENANCE

3.1 SERVICE INTERVALS

In order to keep your Garia Golf Car in the best condition, Garia has prepared a specially designed maintenance program to ensure that the vehicle constantly lives up to the highest standards.

The following service actions need to be performed according to the specified intervals to uphold the warranty.

- 12 months / 360 hours service
- 24 months / 720 hours service
- 36 Months / 1080 hours service

This quick guide and service book contains the space for service stamps and service and repair remarks. Always be sure to remind your local dealer/repair shop to apply stamps and comments in the suitable spaces on the following pages after each service interval.

Besides the above mentioned service intervals, additional daily, weekly and monthly checks are required, which can be performed by the owner of the vehicle to uphold the quality and functionality of the vehicle. Please see the user's manual regarding self-service to ensure correct maintenance of your Garia Golf Car.

If the vehicle is malfunctioning in any way not specified in this quick guide and service book or in the user's manual, please consult a qualified repair shop. Garia recommends that repairs are provided by an Authorized Garia Service Dealer. To locate your nearest dealer, please visit the website at www.garia.com

3.2 SERVICE SYMBOL IN INSTRUMENT CLUSTER

This vehicle is equipped with a memory function that reminds the user to service the vehicle regularly. This symbol will be reset after each service by an Authorized Garia Service Dealer and appears again when the next service is due. Always make sure that the vehicle is maintained according to the service indicator in the instrument cluster or at the intervals specified on the following pages, whichever comes first. Failure to follow this will void all applicable warranties.

4. WARRANTY

4.1 GARIA GOLF CAR LIMITED WARRANTY

(ONLY APPLICABLE IN THE UNITED STATES)

Garia hereby warrants all parts of your new Garia car, which was purchased or leased from Garia or an authorized Garia Golf Car dealer and which is normally operated in the United States, subject to the exclusions described below.

4.1.1 Warranty:

The warranty period begins on the date that the Garia car is initially purchased by you from Garia or an authorized Garia dealer. The warranty coverages and periods are as follows:

Basic Coverage:

- The basic warranty coverage period is 36 months or 7,000 miles, whichever comes first.
- This warranty covers any repairs needed to correct defects in material or workmanship of all parts and components of your new Garia car except for those excluded below (or if the part is covered by one of the separate cover ages described below, that specific coverage applies instead of the basic coverage).

Frame Coverage:

- The frame warranty coverage period is 60 months or 12,000 miles, whichever comes first.
- This warranty covers any repairs needed to correct defects in material or workmanship in the frame of your new Garia car, except for those excluded below.

Original Equipment Battery Coverage:

- The original equipment battery warranty coverage period is 36 months or 20,000 ampere hours (as recorded by the on board control unit), whichever comes first. Note: replacement batteries are covered under the Garia Parts & Accessories Limited Warranty on page 25.
- This warranty covers any repairs needed to correct defects in material or workmanship of the original equipment battery installed in your Garia car, except for those excluded below.

During the warranty periods described above, any authorized Garia Golf Car dealer or distributor will, free of charge, repair or replace, at Garia's exclusive option, any part determined by Garia to be defective, subject to the restrictions and exclusions contained in this warranty document. If Garia elects to repair or replace a defective part, Garia may at its discretion provide a factory reconditioned part or a new part from an alternate supplier. All parts used in repairs under this warranty will themselves be warranted for the remainder of the applicable warranty period. All parts replaced under this warranty immediately become the property of Garia.

4.1.2 General exclusions:

Excluded from this warranty shall be any failures caused by:

(a) Modifications, alterations or changes that affect the Garia car's weight distribution, stability, performance, condition or operation or which alter the output of the car's battery charger;

(b) Installation of any parts or accessories that are not Garia original equipment or are not approved by Garia in advance of installation;

(c) Damages resulting from an accident or collision;

(d) Abuse or neglect of the car or any included or related component, or use that is contrary to the uses, precautions and specifications set forth in the user's manual.

(e) Failure to carry out routines and maintenance as set forth in the User's Manual, including but not limited to charging schedules, maintaining water levels in the battery, failure to tighten battery hold downs and terminals, proper tire inflation and checking for corroded battery cables;

(f) Damage due to improper storage or transportation; or

(g) Acts of nature, wars or terrorism, or other such events that are unrelated to the manufacturing or maintenance of the car.

Additionally, this warranty does not cover the repair of any Garia Golf Car or any part of a golf car on which the odometer or on board control unit has been altered, or the odometer or on board control unit repaired or replaced, and the actual golf car mileage or ampere hours of the battery cannot be correctly and readily determined.

4.1.3 Specific item exclusions:

In no event will this warranty cover any of the following:

(a) Adjustments or repairs made due to normal wear and tear after the first 180 days of the warranty period;

(b) Routine maintenance items set forth in the user's manual;

(c) Cosmetic deterioration due to exposure or normal wear and tear;

(d) Electrical components that are susceptible to fluctuations in current and voltage;

(e) Tires; or

(f) Costs incurred by you in connection with the transportation of the car to a Garia dealer or distributor.

4.1.4 Warranty termination:

If Garia, in good faith and after reasonable investigation, determines that the information submitted in connection with a claim under this warranty is false or intentionally misleading, this warranty shall immediately terminate and all pending repairs or replacements hereunder shall be at your sole cost and expense.

4.1.5 Customer responsibilities:

In order to receive the benefits of this warranty, you must:

(a) Provide proof of the date of purchase of the Garia Golf Car, either by (i) completing the warranty registration form at the time of the original purchase or (ii) providing a copy of the original sales invoice;

(b) Provide notice of any warranty claim to an authorized Garia dealer or distrib utor within 14 days after discovery of the defect giving rise to such claim; and

(c) Promptly present the golf car for repair, during regular business hours, at the Garia dealer or distributor to which notice of the warranty claim was given.

4.1.6 Transferability:

To transfer any remaining warranty from the original purchaser to any sub sequent purchaser, the subsequent purchaser must present the golf car for inspection and warranty registration at an authorized Garia dealer or distributor within 10 days after the transfer of ownership. The authorized Garia dealer or distributor may charge a reasonable administration/ registration fee.

4.1.7 Disclaimer; Legal rights:

GARIA MAKES THIS WARRANTY IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED. ALL IMPLIED WARRANTIES, INCLUDING THOSE FOR MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE WHICH EXCEED THE DURATION OF THIS WRITTEN WARRANTY ARE HEREBY EXPRESSLY DISCLAIMED BY GARIA AND EXCLUDED FROM THE SCOPE OF THIS WARRANTY.
GARIA FURTHER DISCLAIMS AND EXCLUDES FROM THIS WARRANTY ALL LIABILITY FOR INCIDENTAL, CONSEQUENTIAL, REMOTE AND SPECIAL DAMAGES, INCLUDING BUT NOT LIMITED TO DAMAGES FOR LOSS OF USE, TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW.

Some states do not allow the exclusion or limitation of incidental or consequential damages or limitations on how long an implied warranty lasts, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

4.2 GARIA PARTS & ACCESSORIES LIMITED WARRANTY

(ONLY APPLICABLE IN THE UNITED STATES)

Garia hereby warrants to correct defects in materials or workmanship in all genuine Garia replacement parts and accessories distributed by Garia in the United States, which are installed and used on Garia cars, subject to the exclusions described below.

4.2.1 Warranty:

The warranty period begins on the date of installation or purchase of the genuine Garia part or accessory, whichever is earlier. The warranty coverages and periods are as follows:

Basic Coverage:

- The basic warranty coverage period is 12 months.
- This warranty covers any repairs needed to correct defects in material or workmanship of the genuine Garia replacement part or accessory installed on your Garia car by an authorized Garia dealer or distributor, except for those excluded below, (or if the part is covered by the separate battery coverage described below, that specific coverage applies instead of the basic coverage).

Replacement Battery Coverage:

- The replacement battery warranty coverage period is 12 months or 20,000 ampere hours (as recorded by the car's on board control unit), whichever comes first.
- This warranty covers any repairs needed to correct defects in material or workmanship of the original equipment battery installed in your Garia car by an authorized Garia dealer or distributor, except for those excluded below.

During the warranty periods described above, any authorized Garia Golf Car dealer or distributor will, free of charge, repair or replace, at Garia's exclusive option, any part determined by Garia to be defective, subject to the restrictions and exclusions contained in this warranty document. If Garia elects to repair or replace a defective part, Garia may at its discretion provide a factory reconditioned part or a new part from an alternate supplier. All parts used in repairs under this warranty will themselves be warranted for the remainder of the applicable warranty period. All parts replaced under this warranty immediately become the property of Garia.

4.2.2 General exclusions:

Excluded from this warranty shall be any failures caused by:

(a) Modifications, alterations or changes that affect the weight distribution, stability, performance, condition or operation of the Garia Golf Car on which the part or accessory was installed or which alter the output of the car's battery charger;

(b) Installation of any parts or accessories that are not Garia original equipment or are not approved by Garia in advance of installation;

(c) Damages resulting from an accident or collision;

(d) Abuse or neglect of the part, accessory, car or any included or related component, or use that is contrary to the uses, precautions and specifications set forth in the user's manual.

(e) Failure to carry out routine maintenance as set forth in the user's manual, including but not limited to charging schedules, maintaining water levels in the battery, failure to tighten battery hold downs and terminals, proper tire inflation and checking for corroded battery cables;

(f) Damage due to improper storage or transportation; or

(g) Acts of nature, wars or terrorism, or other such events that are unrelated to the manufacturing or maintenance of the car or applicable part.

4.2.3 Specific item exclusions:

In no event will this warranty cover any of the following:

(a) Adjustments or repairs made due to normal wear and tear after the first 180 days of the warranty period;

(b) Routine maintenance items set forth in the user's manual;

(c) Cosmetic deterioration due to exposure or normal wear and tear;

(d) Electrical components that are susceptible to fluctuations in current and voltage;

(e) Tires; or
(f) Costs incurred by you in connection with the transportation of the car, part or accessory to a Garia dealer or distributor.

4.2.4 Warranty termination:

If Garia, in good faith and after reasonable investigation, determines that the information submitted in connection with a claim under this warranty is false or intentionally misleading, this warranty shall immediately terminate and all pending repairs or replacements hereunder shall be at your sole cost and expense.

4.2.5 Customer responsibilities:

In order to receive the benefits of this warranty, you must:

a) Provide proof of the date of purchase and installation of the part or accessory providing a copy of the original sales invoice;

b) Provide notice of any warranty claim to an authorized Garia dealer or distributor within 14 days after discovery of the defect giving rise to such claim; and

c) Promptly present the part or applicable accessory for repair at the Garia dealer or distributor to which notice of the warranty claim was given.

4.2.6 Disclaimer; Legal rights:

GARIA MAKES THIS WARRANTY IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED. ALL IMPLIED WARRANTIES, INCLUDING THOSE FOR MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE WHICH EXCEED THE DURATION OF THIS WRITTEN WARRANTY ARE HEREBY EXPRESSLY DISCLAIMED BY GARIA AND EXCLUDED FROM THE SCOPE OF THIS WARRANTY.
GARIA FURTHER DISCLAIMS AND EXCLUDES FROM THIS WARRANTY ALL LIABILITY FOR INCIDENTAL, CONSEQUENTIAL, REMOTE AND SPECIAL DAMAGES, INCLUDING BUT NOT LIMITED TO DAMAGES FOR LOSS OF USE, TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW.

Some states do not allow the exclusion or limitation of incidental or consequential damages or limitations on how long an implied warranty lasts, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.
